

Saturday Morning - 11

Dear Vicki and Jim,

We have been getting a lot of snow and it is snowing now. All the schools are either closed or opening an hour late. I am going to play bridge this morning and then go out to Ussagash and work on another lamp. I finished my first lamp and it is up and looks very nice.

Saturday night we had two tables of bridge and dinner first. I fixed prime rib. John Donnelly brought his duplicate boards over. He set the amount of what we were going to play for which was a tenth which is pretty high. One couple lost ten dollars and we lost four. After we finished playing bridge the men went down stairs and played pool so it was three o'clock before they left. It was after four before I got to bed as I cleaned up the kitchen and everything. This Saturday night I am having

another dinner and bridge party best
I am sure this group will go home
a little earlier.

Two weeks ago we went to a
dance and it was nice seeing all the
neighbors.

We are supposed to go up to the
cabin again and probably will the
following week end.

Mrs. Lansing just interrupted my
letter writing so I will have to
hurry now and get ready to go.

Every one is fine. Jeannie baby is
due this month - on Gaile birthday.

Love,
Mom.
